STATINTL

Dear [REDACTED]

STATINTL

STATINTL

I appreciate very much your letter relative to [REDACTED]. He sounds like a very fine guy and might fit in in a number of different places here. We shall try to make every effort to get him.

Thank you very much for the efforts you made to push through your evaluation on the tests in order to meet our earlier deadline. I believe it was a very useful session and very necessary in order to prevent different groups from going off in various directions with private points of view. So far we seem to have kept things under pretty good control although I understand that there is a rather flamboyant Twining Committee report in the offing.

Again, many thanks and best wishes.

Sincerely,

Herbert Scoville, Jr.

STATINTL
